Green Day

October
2018

Shaigan Pharmaceuticals have planted 1500 trees in a day as part of a CSR activity on 31st July, 2018. Chief Executive, Shaigan Pharmaceuticals, **Mr. Waheed Ahmed**, has initiated the plantation activity with the dream to make Pakistan green again. He was playing his part along with imparting awareness among all his employees to continue this at individuals' level to keep the chain going.

This activity included all the active working staff of Shaigan Pharmaceuticals including the top management. All employees enthusiastically took part in plantation. The activity started at 08:30 am and ended by 09:00 am with the address of Chief Executive and Executive Director, Shaigan Pharmaceuticals, **Asim Ahmed**. Mr. Asim, appreciated the team effort and highlighted the importance of trees especially for Pakistani region which is severely affected by climate changes due to deforestation.

Chief Executive, Waheed Ahmed, encouraged all his employees to carry on this activity along with their families at individual level for the continuity of this initiative. Planting trees does not just have climatic significance but it is civil duty of every Pakistani and obligation for every inhabitant of this planet.
